

Checklist – Workshop 3

Please make sure you have everything from the **last two workshops** ready to go. That means:

-  **Dictation is set up** and working
-  **Text-to-speech** is working

 Great! If that's all sorted, you're nearly ready.

New for this week:

1. Download the ChatGPT App

We'll be using it in the session, so please install the app on **your phone or tablet (whichever device you used for dictation)**.

- [Download for iPhone/iPad](#)
- [Download for Android](#)

 **Important:** Log in using your **Google account** once it's installed!

2. Download the Quizlet App

 Get on **the same device you used for dictation**.

Phone/tablet

- [Download for iPhone/iPad](#)
- [Download for Android](#)

 Again, make sure to **log in using your Google account** once it's installed!

Computer

 Go to quizlet.com in your browser.

 Again, make sure to **log in using your Google account**.

If anything isn't working or you need help, just send a quick message—I'm happy to help you get it all sorted before the workshop! 😊
